PROFESSIONAL SUMMARY

I am a proficient MERN Stack Developer with expertise in both front-end and back-end development. On the front end, I specialize in building dynamic, responsive, and user-friendly interfaces using React.js. On the back end, I have strong skills in creating robust APIs and managing databases using Node.js, Express.js, and MongoDB. My ability to work seamlessly across the full stack allows me to deliver complete, high-quality web applications tailored to meet user needs.
